IRVINGTON.

Sand, ever sand, not a gleam from the fountain. Sun, ever sun, not a shade from the mountain." So wrote Balwer, but the bard of Irvington would say, "Dust, ever dust, not a drop in the cistern, for so long has been the drought that the pater of raindrops on the roof would be sweeter music to our ethereal ears than would be the enchanting strains of Thomas' orchestra were we to visit the White City.

News is stagnant, for with the thermometer up in the nineties even gossip is at a low ebb. Yet amid the general stagnation there is an occasional whiff of excitement as there was the case when the wounded were brought in from the wreck on the L. H. & W. Ry., an account of which has already been published. The wounded men are fast recovering and bid fair soon to be on active duty.

There was quite a ripple in the drowsy routine of social events occasioned by the Tennis picnic, given by the club on the 5th inst. As the members of the club never do things by halves the picnic was a very delightful affair. The Tennis Court is in a beautiful grove near the city limits, and it was refreshing to rest in the cool shade of the trees and watch the skillful players gracefully wield the racket. Quite a feast was spread on the grassy sward, and sherbet, ice cream and all the dainties that go to make an appetizing menu was set before the assembled guests. Tennis and croquet were the games on the program, but I am of the opinion that Cupid improved on the original plan, judging from the tete a tete in the umbrageous nooks, and more than one Lady Clara Vere de Vere "thought to break a country heart for pasture, ere she went to town," but our young men, though gallant, can say, "Of me you shall not win renown." But that the little god shot many arrows with deadly aim will be demonstrated later. Besides the members of the club and their many friends from the town and surrounding country, there were present from a distance: Misses Ellen Herndon and Georgia Sale, Louisville; Lula Lewis, Owensboro; Helen Murphy, Parkland; Aulais, Pleasure Ridge Park; Eva Hensley, Hardinsburg; Katie Thompson, Guston; Edith Craycroft, Flaherty; Ada and Bettie Drury, Bewleyville; Buelah Bennett, Summerseat; Emma and Ella Kurtz, Webster; Lucy Hendricks, Sandy Hill; and Messrs. Geo. Brown, Chicago; Will Washington, New Mexico; Henry Kurtz, Webster; and Mr. and Mrs. Harry Major and Mrs. Lee McCall, of Louisville. The members of the club were untiring in their efforts to make the day one of enjoyment and too much praise cannot be given to all. Misses Mamie and Ree Washington, Nora Henderson and Maggie Carter were the presiding fairies of the fete, and each young lady acted her part in the most charming manner. The president of the club, Miss Nellie A. Henderson, is attending the World's Fair, and the charm of her presence was greatly missed. That there will be many more such enjoyable outings is the wish of all.

The Nolte Cyclones.

Cloverport has at last a regular organized base ball club. The club has been named after Mr. J. C. Nolte, the hustling young manager of Sulzer's Cloverport store, and is now ready to knock out any club in Breckenridge county of their size. The club is composed of good players and the club that tackles them will find they have no soft snappers. The following is the cast of the officers and players: J. C. Nolte, Manager; E. E. Nolte, Secretary; Ollie Fouzey, Treasurer; Ed Gregory, Advertising Manager; John McCarty, Captain and 1st base; Forrest Lightfoot, 2nd base; Hugh Kyler, 3rd base; Lewis O'Brien, catcher; Henry O'Brien, pitcher; Percy Hopper, right field; Orville Gregory, left field; Harry Hamblin, center field; Ollie Fouzey, short stop.
